

Hieroglyph Challenge

Did you know that Brunel's original design for the bridge was decorated with cast-iron hieroglyphs that would tell the story of its construction?

Unfortunately this part of the design was never completed. Cast-iron was very expensive and they didn't have enough money.

Write a story on the outline of the tower in hieroglyphs. Use this alphabet as a guide. There are lots of images of hieroglyphs on the internet to look at too - Brunel even made up some of his own.

A  forearm	B  foot	C  basket	CH  rope	D  hand	E  vulture	F  horned viper
G  pot	H  shelter	I  reed leaf	J  cobra	K  basket	L  lion	M  owl
N  water	O  quail chick	P  stool	Q  hill	R  open mouth	S  folded cloth	SH  lake
T  bread loaf	U  quail chick	V  horned viper	W  quail chick	X  basket & folded cloth	Y  reed leaves	Z  door bolt
