

WORKSHOPS

BRIDGE BUILDING CHALLENGE

Our bridge-building workshop not only encourages problem-solving, creativity, and teamwork, but it also introduces basic engineering concepts to pupils in an engaging and hands-on way.

Suitable for: KS1, KS2, KS3, KS4, KS5

Duration: 1 hour

HISTORY DETECTIVES

This workshop combines historical exploration, visual analysis, and hands-on writing; it provides pupils with a unique and immersive learning experience on the history of postcards.

Suitable for: KS1, KS2

Duration: 1 hour

BE THE BRIDGE MASTER

In this workshop, you'll be asked to take on the role of Bridge Master and be responsible for the maintenance of the bridge. You'll face several challenges, including budgeting and weighing up the pros/cons. This workshop is an excellent introduction to the operational management of the bridge and a good opportunity for STEM learning.

Suitable for: KS2, KS3, KS4, KS5

Duration: 1 hour

IF THE BRIDGE HAD EARS

This educational day is an exploration of sound through the ears of the Clifton Suspension Bridge, and consists of an interlinked bridge tour and workshop session.

Suitable for: Upper KS2, KS3

Duration: 3 hours

TOURS

150 YEARS OF THE CLIFTON SUSPENSION BRIDGE

Our guided walking tour of the bridge is designed to engage pupils in learning about the fascinating story behind this iconic landmark. The tour combines interactive elements, storytelling, and hands-on activities to make history come alive for pupils.

Suitable for: KS1, KS2, KS3, KS4, KS5

Duration: 45 minutes-1 hour

GIANTS AND GEOLOGY

How was the Avon Gorge formed? On this tour, we'll hear two stories about its creation. One begins 360 million years ago at the bottom of a prehistoric sea - and the other is a tale of two giants and their quest to impress a goddess.

Suitable for: KS1, KS2

Duration: 45 minutes-1 hour

LIFE AND WORK OF BRUNEL

Our Life and Work of Brunel tour brings to life the remarkable achievements of this legendary engineer. The tour aims to inspire pupils' curiosity and foster an appreciation for engineering and innovation through storytelling, visuals, and interactive elements.

Suitable for: KS1, KS2

Duration: 45 minutes-1 hour

OUTREACH

Our outreach programme is available for all ages, abilities and interest levels. We are happy to discuss your requirements and to arrange activities to suit the topic you are studying.

If you have any questions, you can contact the Learning Officer on culture@cliftonbridge.org.uk.
